

CICOTTE BEATS REDS TODAY: SCORE WAS 4-1

U. S. RIFLES IN RIOT DISTRICTS AN AID TO MILLS

Many Men Go to Work Under Protection of the Military.

BULLETIN.
By Associated Press Leased Wire
Pittsburgh, Pa., Oct. 8.—An attempt was made to wreck the plant of the American Sheet & Tin Plate Co., at McKeesport, early today when a missile believed to have been a bomb was thrown on the shipping department building. It exploded, tearing a large hole in the roof of the structure. No one was injured.

ORDER PREVAILS.
By Associated Press Leased Wire
Chicago, Oct. 8.—With Gary, Ind., under military control of United States troops and Indiana Harbor and East Chicago, under martial law with detachments of the Indiana state militia on guard, law and order prevailed in the Chicago area of the steel strike today.

Officials of the mills reported that the strikers were returning to work in increasing number and that normal conditions were slowly being restored.

At Indiana Harbor the Blooming mill of the Mark Manufacturing Co., was reported to be running at full capacity for the first time since the walkout occurred and hundreds of additional strikers were said to have returned to the plants of the Inland Steel Co., and the Universal Portland Cement Co.

Rooting Out Agitators.
At Gary, Ind., agents of the department of justice continued their work of rounding up radical agitators and confiscating socialist and I. W. W. literature.

Say Conditions Improve.
Steel mill sat Waukegan, Joliet, Ill., and other points continued to operate with limited forces and reported that conditions were gradually improving. Labor chiefs denied that there have been any large defections from the ranks of the strikers.

GUARDS HELP MILLS.
By Associated Press Leased Wire
Chicago, Oct. 8.—Federal soldiers and Indiana state militia-men preserving order at points where violence had threatened led to a betterment in the industrial situation in the Chicago steel district during the past twenty-four hours, according to mill operators today. They asserted that under protection of the military many additional employees returned to work yesterday and that more were expected back today. Strike leaders expressed themselves as satisfied with the steel strike, now well into its third week, and maintained assertions the workers ultimately would be victorious.

Radicals Arrested.
At Gary, Ind., under military control by approximately 1,600 men of the fourth and sixth divisions, ordered there Monday night by Maj. Gen. Leonard Wood on request of Gov. Leonard Wood, three alleged radicals were arrested, questioned and released and inflammatory literature and firearms were seized. Gen. Wood, who returned to Chicago, issued a statement saying most of the trouble at Gary was fomented by radicals.

Martial law at Indiana Harbor and East Chicago, Ind., maintained perfect order. Except for the gradual improvement reported in the industrial situation there were no marked changes at any other of the points included in the Chicago district.

Blind Pigs Are Closed.

Nineteen alleged "blind pigs" at Indiana Harbor and East Chicago were closed after federal operatives notified Adj. Gen. Smith they were selling liquor to strikers.

Raid Socialist Headquarters.
Among the places raided at Gary was socialist headquarters. A big red flag was found. The raids produced more than a ton of radical literature, according to officers. It was confiscated. Intelligent men reported they found pictures of Lenin and Trotsky, a quantity of bolshevik literature, a rifle and several pistols in the home of Paul Glazer, attorney for the strikers at Gary.

TROOPS PATROL LOCKAWANA.
By Associated Press Leased Wire
Buffalo, N. Y., Oct. 8.—State troopers armed with rifles patrolled the streets of Lockawana this morning. It was the first time since being assigned to duty in the steel strike area that the constabulary had carried arms other than clubs and revolvers. Trains and street cars carrying workmen from Buffalo were under armed guard. There was no attempt today to renew the attacks on trolley cars carrying workmen which yesterday resulted in the wounding of two men and the injury of several others.

There was evidence of increasing activity in the plant of the Lockawana Steel Co. No statement as to the number of men at work was forthcoming from company officials.

Members of the state police estimated that 1,200 men passed through the gates this morning. About 6,000 men were employed when the strike was declared.

Miss Bargeville Burke will go to Rochelle tomorrow to attend the welcome home celebration for returned soldiers.

COUNCIL ACTS TO PAY DEFICIT ON PAVEMENTS

Certified Amount to Co. Court—Paid Hydrant Rental.

The city council, at Tuesday evening's meeting, certified to the estimated deficits in the assessments for the east end and Everett St. concrete pavement improvements, and took the preliminary action necessary to have the County Court act on the deficits and order the supplementary assessments.

In the east end improvement, which includes the pavement on East Third, East Fourth and East Sixth streets and Crawford, Dixon and Dement avenues, the engineer's figures show the total cost of the improvement to be \$12,113.95 and the original assessment to be \$44,653.59, leaving a deficit of \$32,539.64.

The total cost of the Everett street pavement was \$13,834.99, the original levy was \$12,577.27 and the deficit is \$1,257.72.

Aside from the action on the pavement costs, which was taken as the council was in session as the Board of Local Improvements, the only business before the commissioners was action on bills amounting to \$6,178.78, of which \$3,348.60 was for semi-annual rent of hydrants.

INDUSTRY CONFERENCE WAITS FOR DELEGATES TO "GET ACQUAINTED"

Third Day of Session Results in Nothing—Lane Gives Advice.

Washington, Oct. 8.—None of the groups being ready to present any business for consideration the industrial conference adjourned this morning until tomorrow after being in session less than an hour. Secretary Lane, chairman of the conference called on the delegates to get acquainted instead of remaining rigidly separated in groups and adjournment was followed by a mingling of labor leaders, capitalists, farmers and publicists.

While the conference is in adjournment the special delegates will hold group meetings.

Gavin McNab of San Francisco, again protested against adjournment. Just before adjournment, C. S. Barrett, of Union City, Ga., representing the Farmers' Cooperative Union, started the conference by taking the floor with an armful of papers and asking permission to pass around the "preamble" to a resolution he proposed to offer. Somebody suggested the resolution was following in a day. Mr. Barrett announced the resolution would request President Wilson to appoint a commission to formulate a national agricultural policy.

Farmer Won't Be "Goat."
Indications were given in Mr. Barrett's preamble of the dissatisfaction which the farmers have been said to feel because of their comparatively small representation in the conference.

"The neglect of the farmer in connection with this conference," said the preamble, "has aroused a suspicion, I fear, in many minds, that organized labor and organized capital might get together for some plan for reducing the high cost of living and allaying unrest and that the tiller of the soil would be made to pay the bill. If any member of this conference holds to such a view let him understand now and forever afterward that the farmer will not make up the deficit; he will not be the goat."

Will Accept Alternates.
The industrial conference adopted unanimously today a recommendation of the committee of fifteen that alternates would be accepted when appointed by the original power appointing the delegate. Under this ruling, delegates who have important business engagements in the next two or three days will be able to keep them. Many, however, are cancelling engagements in order to remain on the job.

The committee of fifteen, which is the steering committee of the conference, announced the election of Thomas L. Chadbourne of New York as chairman and Frank Morrison of Washington and John J. Raskob of Wilmington, Del., as secretary.

Group chairmen were announced as follows: Harry A. Wheeler of Chicago, employers; Bernard M. Baruch of New York, public and Samuel Gompers of Washington, organized labor.

Dr. and Mrs. H. A. Lazier and baby went to Rochelle this morning for the day.

COUNTY AND CITY DADS CONFERRING ON BRIDGE WORK

Immediate Bids for Repairs Expected to Result.

Immediate advertisement for bids for the repairing of the Galena avenue bridge as a result of a joint meeting of the city council and the Road and Bridge committee of the Lee County Board of Supervisors, were forecasted by the city officials before they went into conference with the county dads at the court house at 2:30 o'clock this afternoon.

The plans for the repairs and improvements, which it is estimated will cost between \$22,000 and \$30,000, have been received from the State Department of Public Works, where they were sent for approval, the officials of the Bureau of Bridges of that department having given them their "O. K." and all that now is necessary is to get bids, award the contract and get the job going.

County Must Pay Half.
Under the law the county must pay one-half the cost of the improvement and the city the other half. The city officials contend that the Sterling, Dixon & Eastern Electric Railway Co. is liable, under the terms of its contract for part of the city's share of the cost.

Mayor Smith, before going into the meeting, planned to ask the supervisors to accompany him to the bridge and look it over. The city's executive spent some time at the bridge this morning, and was appalled by the condition of the stringers to which the plank flooring is nailed. He found in several places where he looked, that the timber stringers had rotted so badly that there was nothing but a shell left, in which nails would not hold, and he expressed the belief that if the county dads could be shown the conditions they would not hesitate in authorizing immediate procedure.

ITALIANS WORKED UP OVER REPORTED U. S.- BRITISH WARNINGS

Much Excitement and Newspaper Comment in Rome Today.

By Associated Press Leased Wire
Rome, Tuesday, Oct. 7.—Much excitement in political circles and extended comment in the press has been caused by reported receipt of warnings from Great Britain and United States to Italy with regard to the situation at Fiume. It is declared that the warning from England stated in effect that if the "present illegal situation" at Fiume should continue Italy would "run the risk of being put out of the alliance and the peace conference" and that it was received a few days after a similar warning from the United States.

The Tribune, one of the leading commentators, declares that Italy is not alone responsible for the Fiume situation, and incidentally attacks what it calls the "prejudice" of President Wilson in the peace conference and the alleged inability or unwillingness of the allies to limit it. President Wilson, says the newspaper, "although a high personage, is not exempt from human weaknesses, as is proved by his present grave nervous illness."

British Deny Action
Denied that Great Britain had taken any separate action whatever with regard to the Fiume situation was given in a statement issued by the British news agency, Reuters, Limited, in London, Tuesday night. The British action had only been in conjunction with the allies, it was declared.

The pact of London, the secret treaty negotiated among the allies in 1915 just prior to Italy's entrance into the war, mentioned in the newspaper comment, provided that Fiume should go to Croatia and not to Italy, the Italian claim to Fiume, therefore, the conclusion of the armistice, therefore not being based upon any previous agreement among the allied powers.

NO ULTIMATUM—U. S.

By Associated Press Leased Wire
Washington, Oct. 8.—While not denying that a communication regarding the Fiume situation had been sent to Italy, officials here said today nothing in the nature of an ultimatum, such as was suggested by the comment of the Italian press, had gone forward.

Further than to say that no ultimatum had been sent either by United States or Great Britain state department officials were chary of discussing the question. They said the matter was in the hands of American and British representatives at the peace conference.

LICENSED TO WED.

A marriage license was issued at the County Clerk's office late yesterday to Henry E. Weishaar and Miss Charlotte M. Newman, both of Ashton.

LENINE, BOLSHEVIK PREMIER, IS AGAIN REPORTED ARRESTED

Reign of Terror in Moscow Aimed at Bolsheviks, Report.

By Associated Press Leased Wire
London, Oct. 8.—Advices to Helsingfors, Finland, report that Nikolai Lenin, the Russian bolshevik Premier, has been placed under arrest in Moscow according to the Exchange Telegraph correspondent at Copenhagen.

Lenine is said to have ordered the arrest of Leon Trosky, the soviet minister of war but failed to secure this and instead was himself taken into custody.

A Reval message forwarded by the same correspondent reports a reign of terror against the bolsheviks in Moscow has been begun by the revolutionary party. In the movement the bolshevik leader, Jacob Peters, is reported to have been killed.

Special dispatches from Stockholm Sept. 25 carried a report that Premier Lenine was being kept a prisoner in the Kremlin at Moscow and that Peoples' Commissary Derzhinskii was in power and directing the movement of the army.

Jacob Peters had been described in dispatches of correspondents reporting on Russian affairs as leader of the Red Terror in Moscow.

ADMIT DENIKINE VICTORY

By Associated Press Leased Wire
London, Oct. 8.—The capture of the city of Voronezh, 275 miles southeast of Moscow, by the anti-bolshevik forces of Gen. Denikine is admitted in a Russian soviet wireless message from Moscow received today. Gen. Denikine's cavalry is advancing on Usman, 35 miles north of Voronezh, the message adds.

A message from Gen. Denikine's headquarters received Oct. 7, reported the capture of 15,000 bolsheviks "during operations around Voronezh," but did not definitely announce the capture of that city. Voronezh is on a line about 125 miles east of Orel, toward which latter important center in Old Russia Gen. Denikine's troops were recently reported rapidly advancing. The late advices from the Denikine forces indicate that they are moving ahead against Moscow on a front at least 200 miles in width and probably considerably greater.

HOLZHOUR FUNERAL IN PENNSYLVANIA

Mrs. Lester Wilhelm went to Chicago last evening where she met the remains of her brother, John A. Holzhour, who was tragically killed at Rockford Monday afternoon, details of which accident were published last evening in the Telegraph, and today she left the city with the remains for Meyersdale, Pa., where the funeral services will be held. Coroner McAllister, of Winnebago county, impounded a jury yesterday afternoon to make inquiry into the young man's death, but the hearing was continued a few days after the jurors had viewed the remains.

ATTEMPT TO BREAK INTO NATIONAL BANK

An unusual attempt to break into the Dixon National bank, in which John B. Ford was the central figure, was made shortly after 6 o'clock, but heavy iron bars across the basement windows prevented the culmination of the effort. Mr. Ford, however, pleads absolute denial of the charge of being the instigator of the attempt, saying that his Ford automobile took it onto itself to climb over the curb on Galena Ave. and plow into the bank building. No damage except a bent window bar, a broken wheel and a few minor injuries to the automobile.

JEWISH RELIEF BODY TO MEET TOMORROW

The members of the Lee County committee which will be in charge of the campaign in behalf of the American Jewish Relief Work Oct. 26 to Nov. 1, will meet at the court house in this city tomorrow afternoon at 2:30 o'clock, at which time details of the campaign will be announced and an address, showing the great need of the work, will be delivered by Judge Pam, famous Chicago jurist. All of the members of the committee, the name of whom have been published, are expected to attend this meeting.

DENVER OFFICER IS COMING FOR YOUTHS

Sheriff Schoenholtz this morning was advised by the Denver, Col. authorities that an officer was on the way to Dixon for Harvey Deitz and Max Kober, the two young fellows who were picked up at Ashton Monday evening in a car, stolen from a Denver Motor Co. No word has been received concerning the validity of the check for \$1,500 on a Denver bank which one of the young fellows had in his possession.

The Telegraph is a good adv. medium. Farmers should place their public ads in the Telegraph. Read by thousands.

ARMY AIRPLANES RACING ACROSS THE COUNTRY

Great Transcontinental Air Race Starts with Many Entries.

BULLETIN.

By Associated Press Leased Wire
Binghamton, N. Y., Oct. 8.—Col. Gerald Brandt was probably mortally hurt and his passenger Sergeant W. H. Nevitt, seriously injured when their plane crashed to the ground for an unknown reason, one mile north of Deposit at 1 o'clock. Col. Brandt's arms and legs were broken and internal injuries are also feared. Sergeant Nevitt apparently suffered concussion of the brain. The airplane was wrecked.

BULLETIN.

By Associated Press Leased Wire
Minneapolis, N. Y., Oct. 8.—An airplane piloted by Lieut. Maurice Cleary and carrying Benedict Crowell, assistant secretary of war as a passenger fell from a height of 150 feet and was wrecked. It landed upside down. Cleary and Crowell were badly shaken up but were otherwise unhurt.

GERMAN PLANE AT ROCHESTER.

By Associated Press Leased Wire
Rochester, N. Y., Oct. 8.—The first plane to arrive here was the German Fokker, No. 11, Col. H. E. Hartney, pilot, at 12:34.

TWO AT RENO.

By Associated Press Leased Wire
Reno, Nev., Oct. 8.—Flying low and close together two of the San Francisco air planes in the transcontinental test flight passed over Reno at 9:10 o'clock this morning. They landed in a field four miles east of Reno.

BIG CROWD SAW START.

Minneapolis, N. Y., Oct. 8.—The beginning of the great trans-Continental aerial derby was witnessed by about 700 spectators. Assistant Secretary of War Benedict Crowell, in the absence of Maj. Gen. Thomas Barry, commander of the Eastern Department, acted as official starter.

As each machine took the air it quickly climbed to a high altitude and within a few minutes was lost to view. The crowd on Roosevelt Field was kept back a distance of nearly a mile from the starting point and were apprised by army messengers of the departure of each competitor whose number could not be discerned, owing to the haze.

World's Greatest Air Classic.

"This race is the greatest aeronautical event in the world," Mr. Crowell declared. "To watch these machines is to get the impression that there is more aerial activity in the United States than anywhere else in the world. But such is unfortunately not the case."

"America has lagged far behind other nations in the development of aeronautics. The trans-continental race, it is hoped, will awaken the people of the United States to take aviation seriously in national defense and commerce. America should lead the world in aviation."

By Associated Press Leased Wire

San Francisco, Oct. 8.—Lieut. J. P. Richter, piloting a De Havilland air plane, with Lieut. J. B. Patrick as observer, leaving the ground at 6:51 a. m. today was first of the western aviators to "hop off" in the 2,700 mile race to Mineola.

Cadet D. A. Cardiff was second to take the air. He left at 6:52. His plane carried no observer. The first six machines took the air in less than five minutes and they were closely followed by three more.

FIRST FROM MINEOLA.

By Associated Press Leased Wire
Minneapolis, N. Y., Oct. 8.—Lieut. J. B. Maclell, in a De Havilland 4 machine equipped with a Liberty motor, was the first to get away in the coast-to-coast air race from Mineola to San Francisco and return at 9:15 a. m. today. Sergeant Jesse D. McClure accompanied him.

FRISCO FLYERS START.

By Associated Press Leased Wire
San Francisco, Cal., Oct. 8.—Sixteen leather clad pilots and eleven similarly clothed observers climbed into sixteen army airplanes at the Presidio Aviation Field before dawn this morning when the word that would send them off at two minute intervals on the first leg of a 5,400 mile journey to Mineola, N. Y., and return, would be given.

The sixteen pilots included "aces" from the war zone, aviators who had won distinctions at camps in this country and cadet aviators who did not win their "double wings" before the armistice. All were bent on beating the others and making the fastest time ever recorded across the United States from one ocean to the other. Late Friday the winner expects to be in Mineola, 2,700 miles away.

The western aviators will attempt to beat fifty fellow fliers who were starting today from the eastern terminus. Only one machine was an "all-American plane"—the La Pere, piloted by cadet, A. J. Nassamer. Two were foreign.

(Continued on Page Five.)

SUICIDE THEORY DEALT BLOW AT PURCELL QUIZ

Milk Driver Tells of Groan, Army Cap, Man at Window.

William Hornburg, a milk wagon driver, kicked the blocks from the foundation of the suicide theory yesterday at the opening of the hearing into the mysterious death of Elias H. Purcell, former Sterling music teacher, in Chicago yesterday.

Testifying under oath at the hearing which was held in Town Hall station, Hornburg, whose first statements were derided by the police, said he saw a shadow on the bedroom window curtain of the Purcell flat between 3:30 and 4 o'clock Sunday morning, Sept. 21.

"I heard a groan, too," he said, "and as I went upstairs the kitchen window shade was pulled aside and I saw a man's face. He wore an army officer's cap and I thought I could see one or two silver bars on his shoulder."

Wipes Out Rope Tests.
This testimony, coming after detective and coroner's experts had sought to show, by tests with the rope and chair which had held the victim, that Purcell could have committed suicide,

was startling enough to cause Coroner Peter Hoffman to order Hornburg, who lives at 2009 Roscoe street, to appear late last night to reenact his part of the story.

Coroner Hoffman, Capt. J. D. McCarthy, and every detective and newspaper man interested in the case took a hand at questioning Hornburg, who persisted in the story.

Conflicting testimony developed as to the position of Purcell's body when found. The police and detectives were certain it was near enough so Purcell might have tied himself and then, with the seven inches of "play" in the rope end which held his right hand, could have picked up a glass containing the poison from the sink near by. But Charles C. Martin, a tenant of the building, testified the chair was two feet from the sink.

The mysterious bottles seen on the floor and the bits of broken glass also brought contradictions. Patrolman Carlos Zabel was certain the two bottles were flat, of clear glass. Mr. Martin thought they were brown.

PRESIDENT IS BETTER TODAY THAN ANY DAY SINCE ILLNESS BEGAN

Distinguished Patient is Hard to Keep Down Today.

By Associated Press Leased Wire
Washington, Oct. 8.—President Wilson was stronger today than at any time since he became ill nearly two weeks ago, said a bulletin issued today by Rear Admirals Grayson and Still, and Dr. Sterling Ruffin.

The bulletin follows:
"White House, Oct. 8, 11:55 a. m.
"The President continues to improve slowly. He is stronger today than at any time since his illness began."

"Grayson,"

"Ruffin,"

"Still."

Had Good Night.

After another good night, President Wilson appeared cheerful this morning. White House officials said, and for the first time in more than a week expressed a preference for eggs for breakfast. It is with increasing difficulty that Rear Admiral Grayson, his personal physician, keeps the President from taking a hand in affairs of state. The President has asked to see several persons, but neither Dr. Grayson nor Secretary Tumulty has been able to locate any of them.

The President told them they showed a remarkable inability to find any one he wanted to see, adding that so far as he was concerned the "campaign of silence" was at an end.

With President Wilson's condition steadily improving his physicians are having their hands full to keep his attention away from duties of his office. They say that for the present, however, the prohibition against work will be enforced unless some matter urgently requiring attention develops.

His Daughters Go Home.

Although Dr. Grayson and the other physicians in the case appear very much encouraged over the progress made they are guarding against being too optimistic. It was taken as a hopeful sign, however, that the President's two married daughters who have been at the White House for several days left for their homes yesterday. It was said they might return in a few days regardless of the President's condition.

BABY DIED THIS MORNING.

The four months old son of Mr. and Mrs. John R. Siebing, of 1206 Sixth St., passed away at their home at 7:45 o'clock this morning, death resulting from illness which the little one had suffered since his birth, June 2. Burial took place this afternoon at Oakwood.

To Dental Meeting.—Dr. C. E. Smith has gone to Rockford to attend the Northern Illinois Dental Meeting. He will return Friday.

GLEASON ACE'S THIRD ATTEMPT WAS SUCCESSFUL

Cicotte, p	Saloe, p

By Associated Press Leased Wire

Redland Field, Cincinnati, Oct. 8.—Chicago took the seventh game of the world's series of 1919 here today by a score of 4 to 1. The first two runs scored by the American Leaguers were the result of clean hitting while the second two resulted from two errors by the Reds intermingled with two hits. Cicotte pitched his first winner in the series after dropping two to the National Leaguers. The Cincinnati club fielded wretchedly. The Sox hit Saloe hard but could do little with the offerings of Fisher and Luque. The Reds caused some excitement in their half of the ninth by getting two clean hits after two men were out, but at this juncture Cicotte tightened up and after getting three balls and two strikes on Rath, forced him to fly out to Felsch, thus ending the game.

FIRST INNING.

SOX.—J. Collins opened the game with a clean single through second base. E. Collins sacrificed, Saloe to Daubert, J. Collins going to second. It was a beautiful bunt, and E. Collins almost beat it out. Weaver hit a long fly that Roush got under. J. Collins holding second. Jackson up. He took a terrific swing at the first ball, but fouled. Jackson singled to left, scoring J. Collins but he overran first and was caught between first and second. He got out of the tangle, however, when Daubert fumbled Kopf's toss. Felsch bunted safely and Jackson took second. Gandil up. Felsch was forced when Gandil drove to Kopf, who tossed him out at second, Rath making the putout. Felsch is playing right field and J. Collins center field for Chicago. Duncan and Kopf and Rath get an assist on Daubert's error.

One run, three hits, one error.

REDS.—Rath reached first safely when E. Collins allowed his grounder to go through him. Collins being charged with an error. Daubert popped a high fly to E. Collins. Groh struck out, taking a healthy swing at the final one and missing it. Roush up. E. Collins grabbed Roush's drive and tossed to Risberg, forcing Rath.

No runs, no hits, one error.

SECOND INNING

SOX.—Kopf up. Risberg threw him out at first. It was a fast grounder, well handled. Schalk flied to Neale, who took it after a long run to center field. Cicotte up. Groh took Cicotte's slow boulder and threw to Daubert for the putout.

No runs, no hits, no errors.

REDS.—Duncan smashed at the first pitched ball and sent a high fly to J. Collins in center. Kopf drove a liner into left center for a clean single. Neale fouled out to Weaver, the latter taking off near third and holding Kopf at first. Wingo up. Kopf out, stealing. Schalk to Risberg.

No runs, one hit, no errors.

THIRD INNING

SOX.—J. Collins singled through the box. It was a hard hit ball that bounded off Saloe's glove. E. Collins beat out a bouncer that Kopf couldn't get over in time. J. Collins on second. Kopf took Weaver's fly and stepped on second, forcing E. Collins. He claimed that he interfered with his throw to catch Weaver and Risberg allowed it, ordering Weaver out. Jackson singled to left, scoring J. Collins. Felsch forced Jackson, Kopf to Rath. Kopf got the ball in deepu short and the play at second was very close.

One run, three hits, no errors.

REDS.—Cicotte temporarily lost control and walked Wingo, the first run up. Saloe flied to Felsch in right, the latter getting it on the foul line, holding Wingo on first. Rath forced Wingo, Risberg to E. Collins. Daubert drove a hot one to Cicotte who speared it with one hand and tossed him out at first.

No runs, no hits, no errors.

Cicotte was working well, holding the ball low and on the inside.

FOURTH INNING

PALMYRA COUPLE AND PASTOR WHO MARRIED THEM 50 YEARS AGO

Will Have Celebration in
Palmyra April 24,
Next Year.

Married fifty years next April, the 24th, and with the minister who married them still living at the age of 100 years—he was a little over fifty years—he performed the ceremony—is an interesting item in the lives of Mr. and Mrs. John T. Lawrence, Sr., of Palmyra, who are making plans for a celebration next April and who will invite to their anniversary celebration the hundred-year-old clergyman who solemnized their union half a century ago—Rev. E. T. Kimball, Congregationalist minister, Rev. Mr. Kimball (who lives in Iowa) passed his hundredth birthday a few weeks ago.

The ceremony, uniting the lives of Miss Florence Hubbard and John T. Lawrence, took place in Dubuque, Ia., at the home of the bride's father, Thos. F. Hubbard, and in Dubuque the young couple lived for two years, returning at the end of that period to Palmyra town, ship, Lee County, Ia., where they have since resided. With the exception of the two years in Iowa and two years in New York when a youth, Mr. Lawrence has always resided in Palmyra. He was born there in 1849.

Mrs. Lawrence said, in talking over the celebration, that there were no elaborate plans for the affair as all the children could not be with them. In their family are John T. Lawrence, Jr., one of a long line of J. T. Lawrences, as his father, grandfather, and great-grandfathers from time immemorial bore the same name. He is the oldest son. The next child is a daughter, Mrs. Lester Hoyle, of Palmyra; the third daughter, Mrs. T. M. Miller, of East Grand Forks, Minn.; Philip Lawrence, the second son, resided in Ellsburg, Washington. The next in the family, a daughter, passed away a number of years ago. Mrs. Alva Boyer, the third daughter, lives in the state of Mississippi, and Mrs. Fenton, the youngest daughter, now with her parents in Palmyra, plans to go to Mississippi soon to reside.

MASONIC MEETINGS

An important stated meeting of Nachusa Chapter R. A. M. will be held at the Masonic hall at 7 o'clock this evening. Friendship Lodge No. 7, A. F. & A. M. will convene in special session at 8 o'clock and in a stated meeting at 7:30 o'clock tomorrow evening.

CONDITIONS IN GERMANY ARE IN CHAOTIC STATE

New York Banker Re-
ports Results of His
Investigation.

By Associated Press Licensed Wire
Berlin, Tuesday, Oct. 7.—Present conditions in Germany are unfavorable, according to H. C. Stevens of the national Bank of Commerce of New York, who has been investigating business in Germany for many weeks.

"Germany is but a shadow of the great empire of 1914," he said today. "She is a sick Samson, bound with chains and watched by a thousand guards. Her people are not working and have not learned economy and self-denial; her industries are operating only spasmodically and her once wonderful railroad system is at the point of disintegration."

"Immediate problems before Germany relate to food, coal and raw materials," he continued. "With food and coal her labor situation may improve, although at present it is fundamentally unsound as the better part of Germany's man power has not returned from the war. If the laboring element abandons the pernicious tactics it now follows and if raw materials in sufficient quantities can be obtained Germany can make a start toward rehabilitation."

ISIPUTES MORGENTHAU

By Associated Press Licensed Wire
Berlin, Tuesday, Oct. 7.—Fred A. Britten, United States congressman, who has been in this city for some time, takes issue with Henry Morgenthau, who recently expressed the view that Germany came through the war a "perfect dynamo of strength." Mr. Morgenthau, among other things, said that "Germany encouraged by discord among weak and struggling states, undoubtedly would resort to arms with a few years and regain her lost territory."

Speaking today on the subject Mr. Britten said she could not understand the statement, adding:

"At present the Germans are wholly under the control of the entente. They have lost their cannon and airships and the best of their transportation facilities, and a commission is coming to Berlin to see that Germany does not undertake any underground work. Germany is down-and-out a return to militarism in the old sense is out of the question, if for no other reason, because the government prevails against it."

HEAVY FINE FOR FORRESTON MAN IN OREGON COURT

Charles Haller, the Forreston druggist in whose store over a thousand bottles of whiskey were found by Ogle county and federal authorities in a raid pulled off the night Haller returned to his home from the Tri-County Druggists' picnic at Lowell Park, pleaded guilty to 37 charges of illegal sale of liquor in the Ogle county court at Oregon yesterday and was fined \$2,425 and costs, which amounted to \$55. No action was taken on federal charges pending against him.

The druggist was arrested on charges of violating the state and federal liquor laws, and 1,180 pint bottles of whiskey were found in the attic of his Forreston drug store in a raid by Ward Thompson, local department of justice agent, and Ogle county officials one night several weeks ago.

Mr. Haller is fifty-one years old and a cripple. He has operated a drug store in Forreston for years. A search of his office records for an extended period failed, it is said, to reveal a very large drug business. No records of receipt of drug shipments or sales could be found in his office for several weeks preceding his arrest, the department of justice agent said.

Haller was released on payment of the fines. It is not believed further action will be taken against him on federal charges, it was said today.

ARE YOU TIRED, WEAK, NERVOUS AND WORRIED?

Do you "hate" to get up in the morning? Do you always feel tired out? Do you feel weak and nervous, but not sick enough to go to a doctor?

If your blood is healthy you should sleep like a child and wake up in the morning bright and cheerful, thoroughly refreshed and full of energy for the day's work.

Science has proved that the body is only a collection of cells and that Nature requires twelve cell-salts to keep the cells of the body in perfect health. It has been demonstrated that these cell-salts not only build, nourish and repair the cells, but govern the health and vitality of the tissue, nerve, blood, bone and brain, of which the cells are a part.

Exhaustive laboratory tests and the clinical experience of many years have demonstrated that the health of the human body depends entirely upon the Red Blood Cells which carry in their hemoglobin the oxygen that is absolutely essential to human life.

These cell-salts attract and retain the oxygen as it passes from the lungs into the blood, and by their presence in the cells repair, nourish, revitalize and maintain the vigor, vitality, health and energy of the cells, of the blood, tissues, nerves, veins, arteries, bones, muscles and brain.

For many years Dr. A. L. Reusing has conducted an exhaustive series of experiments in his chemical laboratory to combine the phosphates of calcium, sodium and iron with the phosphates

GERMANS COMPLAIN OF U. S. TREATMENT OF PRISONERS

By Associated Press Licensed Wire
Copenhagen, Tuesday, Oct. 7.—According to a despatch from Berlin the Tageblatt asserts that Germany has sent a note to Switzerland asking amelioration of the objectionable conditions under which German prisoners are confined in American camps.

PHIDIAN ART CLUB LUNCHEON—

The opening meeting of the Phidian Art club was a most pleasant affair. A luncheon, held in the dining room of the Dixon Inn Tuesday, October 7th. Fifty-seven members were in attend-ance.

The tables and room were prettily decorated in autumn flowers and a delicious luncheon was served, with delightful music on the Victrola during the serving of the luncheon.

At the close of the meal, Miss Violet Watkins gave several interpretative dances, "Amorene," "Melody of Love" and "Niala," the "Moon Worshipper." The theme of the last one was the pleading of Niala to the angry moon to smile upon her. The dances were very gracefully given and were greatly enjoyed. The president's address, given by Miss Murphy, followed.

Miss Murphy remarked under what different auspices the meetings of a year ago were given and now, although the treaty of peace is not yet ratified, a new era is here. Two million women, united, said Miss Murphy, can indeed do much to make life sweeter and now that suffrage has been accorded to women to large extent, it should be used. The endeavor of the club this year, Miss Murphy explained, was the encouragement of applied arts. The spirit of sympathy and courtesy should be continued, also the loyalty in attend-ance at the meetings in this year's study of France. The address was couched in exquisite language and was thoroughly appreciated.

Mrs. Moss, who had the privilege of seeing Mrs. Leonard Andrus in her war work, paid a short tribute which served as introduction to the remarks given by Mrs. Andrus on her work in a Y. M. C. A. hostess house.

The club was indeed glad to have the opportunity of this talk. Mrs. Andrus told of the different characters with which one has to deal, not only among the soldiers, but their guests, the moth-ers and relatives; yet not these alone, but also among the co-workers. The "boys" generally confided to her their troubles and pleasures. Her duties ranged from giving parties to helping move a piano on a truck. Many amus-ing as well as pathetic stories were told of the problems which called for an adjusting hand and that the boys all called Mrs. Andrus "Mother" testifies to her charming tact and thoughtfulness, characteristics which all her friends know so well. The boys, said Mrs. Andrus, in general, expressed a wish to change their occupations after leaving the army. Men who followed almost every know vocation were there, opera singers, composers, mechanics, authors, and even a professional tramp. A special privilege granted Mrs. Andrus was guard inspection at midnight. The talk was an especial treat to the members of the Phidian Art club, with whom Mrs. Andrus is associated as an honorary member of the club.

STUDY AMERICANIZATION—

The members of the Woman's Auxil-ary of the Presbyterian church have taken up the study of "Americaniza-tion" and at a delightful meeting at the home of Mr. and Mrs. W. H. Coppins on Tuesday evening the interest and enthusiasm of each member in the sub-ject were greatly increased by the in-teresting and instructive talks given by Miss Hitchcock, Mrs. Wm. Ware, Miss Raymond and Mrs. H. A. Lazier. The themes were taken from the book, "Christian Americanization," by Brooks.

Miss Hitchcock spoke of the two viewpoints to be considered in dealing with the alien, his and ours, and drew largely from personal experience, relat-ing a number of interesting incidents which showed the breadth and depth of the problem of Americanization. Mrs. Ware spoke of the danger of lapsing into our pre-war indifference in regard to the alien and gave an earnest and delightful talk. Defining "Americaniza-

tion," Miss Raymond spoke of Dixon's own problem on that score, bringing the subject home to each in emphatic language. "Our Right to Our Own Ideals," and the danger that arises from disregard of the foreigner with his different ideals, was plainly put by Mrs. H. A. Lazier, whose charming talk completed the series for the evening.

Some business was discussed during the evening and plans were made for a Halloween party. Mrs. C. E. Smith, Mrs. Frank Edwards, and Miss Grace Crawford were named as a committee to have charge of the affair, which is to be given at the church under the aus-pices of the Auxiliary and is to be for the entire church membership. Re-freshments were served by the com-mittee of hostesses for the evening. The next meeting is to be open to the hus-bands of the members and the men of the church and will be held at the home of Mrs. Bert Raymond.

D. A. R. MEETING—

The hospitable home of Mrs. Petre re-ceived a goodly number of the Daugh-ters of the American Revolution on Sat-urday afternoon at the regular meet-ing.

Mrs. Dysart, the regent, was in the chair. The opening exercises, the sa-lute to the flag, singing the national hymn and repeating the Lord's prayer in concert, being concluded, business followed.

Miss Osborn, in behalf of Mrs. Law, presented the chapter with three flags, the Continental flag, the flag with the thirteen stars, and our present flag.

Miss Fanny Murphy then gave her paper on "Americanization." She spoke of America as always welcoming fore-igners to its shores and that with them they always brought the arts and crafts of their own countries. The war has demonstrated, however, the need of more interest in and labor among them if we would make them citizens of our country. She stated that the govern-ment has far-reaching plans looking to-ward this object: First, for education; second, to get a racial understanding of the people which would put us in touch with them as nothing else could. There have been efforts in this direction but nothing on as broad a scale has been attempted as is being planned by the government for the future.

At the conclusion of Miss Murphy's paper arrangements were made for the next meeting which is to be held in G. A. R. hall and which is to be "guest day." Adjournment followed.

REACHES 93RD BIRTHDAY—

In "The Gridley Advance," published in Gridley, Ill., an account is given of Mrs. Sarah Collison, former well known Dixon resident, celebrating her ninety-third birthday. Many will remember Mrs. Collison, who lived here on Ev-erett street, and be interested in the following account:

"Mrs. Sarah Collison celebrated her 93rd birthday anniversary on Monday, September 29th, another milestone in a long, eventful life. Friends were com-ing and going all afternoon and eve-ning, bearing with them gifts which were many and varied. "Granma" Collison is a great lover of flowers, so many expressed their best wishes in a floral way. Mrs. Theodore Kent and daughter, of Peoria, came out to Grid-ley particularly for this event. They brought with them some beautiful roses which were the admiration of every caller. Mrs. Jacob Ropp presented Mrs. Collison with an unusual bouquet in which there were ninety-three blossoms of forty-five different varieties.

"Mrs. Collison is the only charter member of the Congregational church, which was organized in 1862. She came to America as a bride from London, Eng. Staying for one year in New York, they came to Gridley in 1857. Her husband was a physician and she assist-ed him in his work. Dr. Collison has been dead for thirty-five years."

CRUMP-JACOBSON—

The marriage of Miss La Veda Jacob-son, of Morrison, and Foy Crump, of the same place, at the Methodist par-sonage here Tuesday morning, will in-terest many Dixon people as Miss Jacobson made many friends when she attended the Coppins' business college here. The bride's sister, Miss Fernie Jacobson, and Frank Norris, of Morri-son, attended the couple. Rev. Ernest Lumsden performed the ceremony. The bride wore a traveling costume in brown. From Dixon the happy couple went to Chicago and from there will go East to spend their honeymoon. They will make their home in Morri-son.

CRIPPLES CURED

Curing tire troubles is our special business—and we have splendid success in taking worn, crippled tires and mak-ing them over anew so that their own-ers secure many more miles of real ser-vice from them.

P. E. O. MEETING—

Chapter A C, Illinois, P. E. O., held its first meeting of the year, a very in-teresting one, at the home of Mrs. W. J. Worsley, on Monday afternoon. Mrs. W. H. Coppins was on the program for a paper on William Cullen Bryant. This was made especially interesting by the personal touch added, inasmuch as Mrs. Coppins formerly lived near Princeton, at one time the family home of the Bryants and was acquainted with a number of members of the family. Mrs. Lager gave a reading from one of Bry-ant's poems, Thanatopsis. Music, fur-nished by Mrs. Worsley, completed the enjoyable afternoon's program.

COPPINS COLLEGE PICNIC—

Coppins' College students held an all-day picnic today at Lowell Park, mak-ing the trip by boat. At noon a big pic-nic dinner was given the undivided at-tention of all present but the afternoon found groups here and there interest-ed in divers sports. A baseball game, riv-el-ing in interest the world series' game of the afternoon, drew the attention of a large number of fans. Walter Queck-fornier, efficiently helped by a large corps of students, had the affair in his management and was largely responsi-ble for the delightful afternoon.

ST. PAUL'S MISSIONARY—

A meeting of St. Paul's Lutheran Missionary society will be held at the Mrs. Bert Robinson home, 923 Center avenue, on Thursday afternoon. The 2 o'clock interurban may be taken, leaving the car at Palmyra avenue. From there the route is one block north and one block west. A large attend-ance is desired as there will be import-ant business. Mrs. Robinson will be assisted by Mesdames Pearse, Fulton, and Kling.

HAS SWEET VOICE—

Those who attended St. Luke's Epis-copal church Sunday were given a great deal of pleasure by the singing of Horace Mulkins, the 12-year-old son of Fred Mulkins. He has an especially sweet voice and it appeared to the best of advantage in the singing of "One Sweetly, Solemn Thought," the off-ertory hymn. John Norton, choir master, has been giving him special training of late.

PEORIA AVE. READING CLUB—

Mrs. F. K. Tribou entertained the members of the Peoria Ave. Reading club, Monday, in its first meeting of the season. Mrs. Morrison, head of the program committee, gave an outline of the work for the year and the mem-bers contributed to the pleasure of the afternoon by telling of their vacation trips. Refreshments were served in the social after-meeting by Mrs. Tribou.

MEETING AT GRACE CHURCH—

This evening at 7:30 o'clock at the Grace U. E. church, North Dixon, there will be a special meeting for the group leaders of the forward campaign of the church. Every leader is urged to be present.

The choir is to meet immediately aft-erwards for rehearsal instead of on Thursday evening, the usual time.

ENTERTAINED—

Miss Helen Plein entertained with a party at her home Sunday evening the Misses Gertrude Tuttle, Imogene Loft-us, Pauline Adams, and Christine Plein and Messrs. Corliss Bryant, Walter Gifford, Fred Wahl, Gale Burling and William Elmaker, the gentlemen all of Sterling. Music and dancing were fea-tures of the evening's diversion.

EVENING PARTY—

Miss Dorothy Raymond entertained with an informal evening party the North Side younger social set on Fri-day evening. Dancing was the div-ersion, with Miss Elizabeth Raymond fur-nishing the music.

ST. AGNES' GUILD—

St. Agnes' Guild will have a meeting Friday afternoon at 2:30 in the guild rooms of St. Luke's church. Members are to be prepared to sew. Mrs. Elmer Reynolds and Mrs. Robert Sterling are to be the hostesses.

TO ST. JOSEPH, MO.—

Mrs. Leonard Andrus and Miss Lu-cille Morris leave today in company with Mr. and Mrs. J. M. Batchelder for St. Joseph, Mo. Mrs. Andrus and Miss

Morris will return later to their home in Portland, Oregon.

FOR LUNCHEON—

Mrs. A. W. Chandler, of North Dixon and Rochelle, came from Rochelle yes-terday to attend the Phidian Art club luncheon. She returned to Rochelle to-day.

MOTORED TO CHICAGO—

The Misses Rosanna Dement, Mary Morrison, Alice Rice, and Mrs. Gordon Utley motored to Chicago yesterday with Attorney Lloyd Davies, returning last evening by train.

GUESTS OVER WEEK-END—

Mr. and Mrs. John Lord and little daughter, Jane, have returned to Chi-cago, after spending the week-end at the home of Mr. and Mrs. A. W. Lord.

FROM OAK PARK VISIT—

Miss Amy Selby returned a few days ago from a two weeks' visit in Oak Park and Chicago. In Oak Park she visited Mr. and Mrs. Divine.

CHICKEN SUPPER—

EPISCOPALIANS IN CONVENTION

By Associated Press Leased Wire
Detroit, Mich., Oct. 8.—The clergy and laity of the Protestant Episcopal church of America will meet here today in their forty-fourth triennial general convention.

There are here for the convention practically all of the 120 American bish-ops and nearly 4,000 clerical and lay representatives to the house of dele-gates and meetings of auxiliary church organizations. The Canadian church is represented by a delegation of bishops and six bishops of the Oriental and Or-thodox and Old Catholic churches will be convention guests.

Gail Borden's Pure Milk Code

State and municipal laws govern the pro-duction of milk today. But over 60 years ago Gail Borden formu-lated the sanitary code which served as a basis for all later pro-protective regulations.

The ideal of Gail Borden—pure milk the year round and pure milk for all—is still the ideal of the Borden Institution.

The public may well have confidence that Borden Milk Products are pure, nutritious and reliable.

UTAH'S COUNTRY SCHOOLS.

Utah is forging ahead in educational
matters and bids fair to lead many of
its older sisters before long.

Carbon county in particular is pledged
to a school program for the year
which promises such results as the
founders of the public school dreamed
of but have seldom seen. A county pa-
per is published especially for the bene-
fit of officials, teachers and patrons of
the schools, and it is intended that no
step shall be overlooked which will
bring the country schools up to the
highest city standards.

In an article in the paper recently, the
superintendent of schools said: "We
have come to understand that the
school can afford to look after the
health of the children by providing
baths, swimming pools, gymnasiums,
playgrounds and medical inspection."

The health program calls for super-
vised play, group athletics, better
standards of physical efficiency, folk
dancing, indoor games and corrective
gymnastics.

All this in the country schools, with
a firm belief that better bodies make
better minds, and all considered as
something which the state "can afford
to do." The book side of the children's
education is to be equally well devel-
oped and practical.

The public is accustomed to this sort
of thing in great city schools. Such a
program for country districts is an en-
couraging sign of the improvement in
educational systems generally. It is
not what city children need or country
children need, but what all children
need to fit them for the battle of life,
which would determine the educational
policy.

It would be awfully hard to decide
which to hang first, the food profiteer
or the shoe profiteer. We might hang
'em both together.

SPORTS

DETAILS OF TODAY'S
WORLD SERIES GAME

(Continued from page one.)

No runs, one hit, no errors.

REDS—Groh bounced one to E. Col-
line and the White Sox second sacker
too this time tossing to Gandil for the
putout. Roush went the same way, E.
Collins to Gandil. Duncan up. Weaver
threw him out at first, getting the ball
on a nice bound and getting it to Gandil
ahead of the runner.

No runs, no hits, no errors.

FIFTH INNING

SOX—J. Collins hit the first ball
pitched for a high fly that Neale took
care of. E. Colline drove a clean single
through second base into center field.
Weaver reached first safe when Groh
fumbled his drive. E. Collins reached
second. Jackson up. Rath booted Jack-
son's grounder and he was safe at first,
filling the bases. Felsch singled to right
scoring E. Collins and Weaver. Jack-
son holding second. This was enough
for Sallee and Fischer went in for Cin-
cinnati. Gandil up. Fisher threw out
Gandil at first, Jackson going to third
and Felsch to second. Fisher slipped as
he picked up the ball but managed to
get his man. Roush fanned.

Two runs, two hits, two errors.

REDS—Kopf up. The umpire exam-
ined the ball but tossed it back to Cin-
cotte. Kopf sent a high fly to Jackson,
the latter getting it easily. Neale sing-
led to left. It was a clean drive. Wingo
drew four balls and sauntered to first.
Neale going to second. Fisher was cal-
led from the plate by Manager Moran
and Roush batted for him. Luque was
warming up for the Reds. The crowd
cheered wildly. Roush popped an
easy foul to Weaver. Neale holding sec-
ond and Wingo first. James began to
warm up for the Sox. Rath out. Weav-
er to Gandil. Rath broke his bat when
he hit the ball.

No runs, one hit, no errors.

Luque now pitching for Cincinnati.

SIXTH INNING

SOX—Schalk heisted a high one that
Duncan took care of. Cicotte up. Ci-
cotte switched his batting position to
the left side. He fanned. J. Collins
hit one past Groh that went for a dou-
ble. It was a hard hit ball that Dun-
can fielded in the extreme left field. E.
Collins struck out, but Wingo dropped
the ball and had to throw him out at first.

No runs, one hit, no errors.

REDS—Up to this juncture Cicotte
had pitched a masterly game. Only
two singles were made off his delivery.
Daubert struck out, the third ball being
called on him. Groh doubled to left,
the ball clearing the fence in front of
the bleachers and rolling under them.
It was held to a two-bagger by the
ground rules. Roush up. Cicotte
grabbed his boulder and tossed him
out at first. Groh is on third. Duncan
put a clean, single through the pitch-
er's box. Groh trotting home. Kopf
up. E. Collins took Kopf's grass cut-
ter and tossed to Roush, forcing
Duncan the third out.

One run, two hits, no errors.

SEVENTH INNING

SOX—Weaver fouled off several, the
last strike being called on him. Rath
grabbed Jackson's grounder and re-
turned him easily at first. Felsch fan-
ned, taking a grand swing at the final
one, but missing it.

No runs, no hits, no errors.

REDS—Neale struck out, swinging

at the final offering but failing to con-
nect. Wingo walked, his third pass to-
day. Luque fanned. Rath delivered a
clean hit to center that J. Collins field-
ed so fast that Wingo got no further
than second. Daubert was out at first
when E. Collins got his drive and tossed
it to Gandil. Collins momen-
tarily fumbled the ball and the play
was close, but Nalim called Daubert
out.

No runs, one hit no errors.

EIGHTH INNING

SOX—Kopf went way back into left
and took Gandil's loft. Roush lifted
a high one that Roush got under but
muffed. Roush, however, tried to
make second and was thrown out.
Roush to Rath. Kopf go tunder
Schalk's hard drive and making a
beautiful throw to first nailed him.

No runs, no hits, one error.

REDS—Groh drove a liner to left that
Jackson camped under and captured.
E. Collins got Roush's grounder near
second and threw him out to Gandil.
Roush got Duncan's roller and retired
him at first.

No runs, no hits, no errors.

NINTH INNING

SOX—Cicotte fanned on three pitched
balls. Roush came over into left
center and captured J. Collins' drive.
E. Collins went out, Rath to Daubert.

No runs, no hits, no errors.

REDS—E. Collins took Kopf's high
fly. Neale popped out, Jackson taking
it. Wingo singled through Eddie Col-
lins. Magee, hitting for Luque, singled
into right, Wingo holding second.
Smith took first to run for Magee.
With the call three and two Rath fled
to Felsch.

No runs, two hits, no errors.

STEAMER SINKS—CREW SAFE.

By Associated Press Leased Wire
Halifax, Oct. 8.—The British steam-
er, Sizergh Castle, has been sunk at
sea, according to a wireless message re-
ceived today by the marine depart-
ment's agent from the American
steamer, Afel. The Afel reports that
she has taken the crew of the British
steamer on board.

The Sizergh Castle is a vessel of 2,
467 tons. She was bound from Norfolk
for Antwerp, which port she left Sept.
24th.

The Afel left Norfolk Sept. 29, bound
for Rotterdam. The wireless message
did not give the cause of the sinking.

BULLETIN.

By Associated Press Leased Wire
Copenhagen, Oct. 8.—The German
government's appeal to Gen. Der
Goltz's troops to withdraw from the
Baltic provinces has proved successful,
according to a Berlin despatch receiv-
ed here Tuesday. The return of some
of the troops began on Saturday, it is
declared, and several transports bear-
ing contingents of these troops home-
ward bound will leave shortly.

ONE MILL TO OPEN.

By Associated Press Leased Wire
Youngstown, Ohio, Oct. 8.—Negotia-
tions between union leaders and offi-
cials of the Trumbull Steel Co., at War-
ren, near here, led to a statement to-
day at strike headquarters that an
agreement with the company to permit
re-opening is expected soon. Negotia-
tions were taken up at the request of
the Amalgamated Association of Iron,
Steel and Tin Workers, it was stated,
who have an agreement with the com-
pany and want to effect an agreement
for the rest of the employees so that
they can go to work.

Mr. and Mrs. Frank Benson are back
from a motoring trip in the Northwest.

AUTOS COLLIDED ON
FIRST ST. THIS A. M.

A Ford auto, driven by J. W. Ander-
son of North Dixon, and a Buick car,
with trailer attached, operated by Geo.
D. Seibens of 429 E. McKinney street,
collided at the intersection of Galena
Ave. and First street, at an early hour
this morning, but fortunately, aside
from a bent axle on the Buick and dam-
aged fenders on the Ford little injury
resulted.

TO STRIKE FOR \$58.50 A MONTH

By Associated Press Leased Wire
Madrid, Tuesday, Oct. 8.—Newspaper
men in this city are attempting to form
a union, and it is said will demand a
minimum salary of 300 pesetas (\$58.50)
normal exchange. They threaten to
strike if this rate is refused. Madrid
tailors also intend to strike if their em-
ployers refuse to give an advance in
pay.

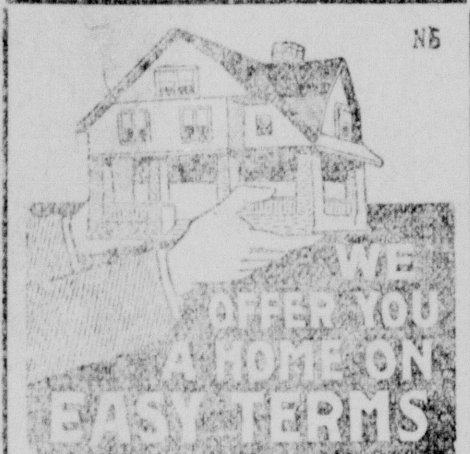

BURNS FILLS SCULLY'S PLACE

By Associated Press Leased Wire
Chicago, Oct. 8.—Judge James T.
Burns of Kankakee county, Ill., has
been appointed by County Clerk Switz-
er to fill the vacancy caused by the
death of County Judge Thomas F. Scul-
ly. Judge Burns will assume the place
next Monday morning.

FORD'S IRISH STEAMSHIP LINE.

By Associated Press Leased Wire
Detroit, Oct. 8.—Official confirmation
of a report that Henry Ford is con-
templating the establishment of a line
of steamers to Ireland could not be ob-
tained here today. Mr. Ford could not
be reached this forenoon, but one of
his closest business associates declared
there was "nothing to the report."

The Misses Ada Lohr, Alice Meppin,
and Irene Streuver spent Sunday in
Galt as the guest of Miss Hazel Smith.

You furnish the lot, and some
money, and we'll loan you the
balance to build a nice bungalow.

Our terms are just like rent,
only there's a come-back on ev-
ery payment. Ask anybody who
has been there—he knows.

We also furnish from one-half
to two-thirds of the necessary
funds to buy homes already
built.

Come in and talk it over with
the Secretary.

FORDHAM GIVES
SETTLEMENT IN
VANDENBURG SUIT

The Vandenburg vs. Fordham suit,
the retrial of which had been set for
Monday but which was prevented by
the illness of John E. Erwin, one of
counsel for the defendant, has been set-
tled. It was announced this morning.
Under the terms of the settlement H.
L. Fordham pays the plaintiff \$3,000 in
cash with a promise of an additional
sum at some future date. Today the
Puliski vs. Schneltis trespass case was
called for trial before a jury.

FINE PROGRAM FOR
ELKS STAG EVENING

The indications are that the Elks club
rooms will be filled to capacity tomor-
row evening, the date for the annual
smoker for members and invited non-
member guests, for each member is ex-
pected to bring a prospective "fill" to
the affair, which will start at 7:30 and
which will continue until late in the
evening. There will be orchestra music,
vocal numbers by Kirby and Kloeke,
Sterling's premier entertainers, an ath-
letic show, plenty of cats, smokes, card
games, and billiards and pool.

The tables in the billiard room are in

wonderful condition, the result of care-
ful attention by W. C. Jones and Ed Dy-
sart, who are in charge, and each eve-
ning finds all of the tables busy, the
experts finding complete enjoyment in
playing on them.

Buying Tickets for
Chi. Game Tomorrow

Chicago, Oct. 8.—Faint hope rather
than assurance send thousand of loyal
supporters of the Chicago White Sox to
Comiskey Park today to purchase tick-
ets for the 8th game of the world's ser-
ies with the Cincinnati Nationals.
The brave uphill winning fight the
White Sox staged at Redland Field at
Cincinnati yesterday renewed faith in
the American League pennant winners
and "predictions" were made that the
White Sox would bring the count to 4-3
in games won today, and tomorrow on
their home grounds come to even terms
with the Reds.

OVERCOAT STOLEN

While Edwin Bryan's auto was stand-
ing on the streets of Sterling last eve-
ning a light spring overcoat was taken
from the tonneau, according to a report
he made to the Dixon police. No trace
of the thief has been found.

First Injury on
Gridiron to Page

By Associated Press Leased Wire
Chicago, Oct. 8.—Five candidates for
places on the University of Chicago
freshman football team stopped Pat
Page, for ten years assistant coach at
that institution, on a line buck yester-
day just as he had taught them to halt
a plunging back field man. When the
pile of writhing bodies was untangled
Page was carried off the field with a
broken leg. Page played one year on
the Chicago freshman team and wound
up his student days with three years on
the varsity team. It was the first ser-
ious injury of his gridiron career.
Page's accident will necessitate a
change in the coaching plans at Chic-
ago but A. A. Stag, head coach, had not
announced today what would be done.

BALLOONIST STILL MISSING

St. Louis, Oct. 8.—The continuous
lack of assurance that Captain Carl
Dammann, pilot of the Wichita, Kan-
sas entry in the National championship
balloon race, has landed safely some-
where in Canada has not yet caused
any expression of fear as to his safety
by the race officials or at the pilot's
home here.

Dr. McWethy was an eastbound pas-
senger this morning.

VOSE Small Grand

With its wonderful volume of the Rich Vose
Tone, this beautiful Small Grand is the very
finest expression of modern piano craft.

A piano of artistic dis-
tinction that instantly
appeals to people who
know and appreciate the
finer things. There is
never any question about
the excellence of a Vose
product—quality rules in
Vose construction.

A model designed to meet a demand
for a Grand Piano that would not
appear too large in a music room of
limited floor space. TERMS

Asbestos Sweats When Heated

SWEAT RUSTS

Asbestos sweats when heated
and when a range is fired up the
heat drives the moisture out of
the asbestos and drives it to the
cold side. There, on the cold
iron body, this moisture conden-
ses, sweats and rusts.

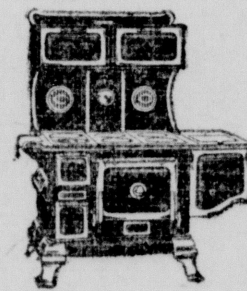

SAVES FUEL

Without the asbestos wrapping,
the heat would pass off quickly,
as it does from a sheet iron
heating stove. You would have
to be shoveling fuel all the time,
then it would be either too hot
or too cold. With asbestos, the
heat is caged and you get the
full benefit of it.

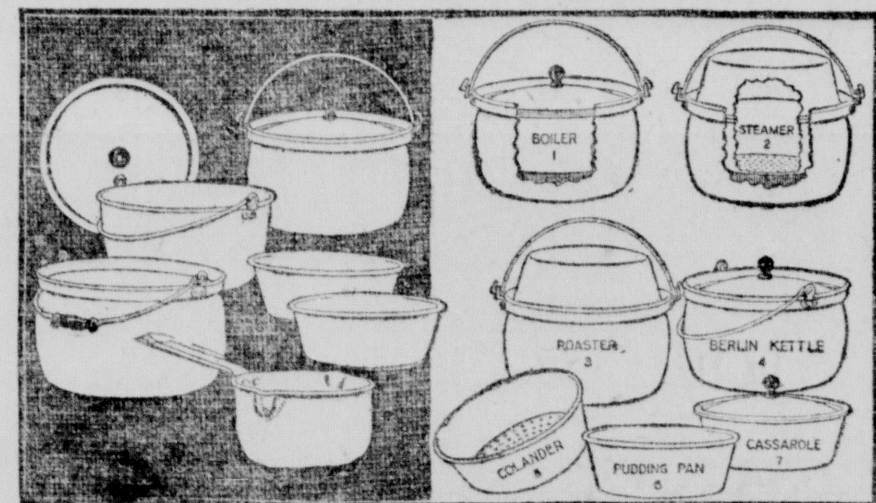

Asbestos saves millions of dol-
lars' worth of fuel every year. It
is fully justified, and no stove
maker would think of quitting

asbestos. It is true asbestos does
sweat, but the sheet of copper be-
tween the asbestos and the wall
stops all Sweat Rust, in Copper-
Clad Ranges, no matter how
much it sweats.

THE COPPER-CLAD

The Copper-Clad patents cover
"Any Rust-proof material placed
between the asbestos and outer
casing or Range Body."

This set of Aluminum Ware given away free to all purchasers of
Copper-Clad Ranges during our Demonstration Week, October 6 to 11.

The Modern Way of Shaving

No Brush—No Mug—
No Lather—No Rubbing—

Try it. Know the
satisfaction of a
perfect shave.

antiseptic
beard softener
Barbasol
no brush—no lather
no rubbing

Barbasol is not a
soap; contains no
alkali.

You'll like Barbasol for the ease and pleasure
it puts into shaving.

You'll like it for that soft, satin-like after-feel
—without burn or smart.

Barbasol is a healing, cooling, soothing oint-
ment that softens the toughest beard and is
harmless to the tenderest skin.

Made for the modern man who wants a quick-
er, easier shave; a smoother, cleaner, healthier
skin.

Just apply with finger tips and shave; no mug,
no soap, no brush, no cold cream. Barbasol
eliminates all these, and does a better job.
Get it from your druggist.

These Druggists Have Barbasol!

LLOYD GEORGE SAYS STRIKE IS "PRUSSIANISM"

Premier Says the Na- tion Will Be Master in Own House.

By Associated Press Leased Wire
London, Oct. 8. — Premier Lloyd George surprised his countrymen, as he frequently does, by denouncing the railway men's strike as "Prussianism" and "another effort to hold the community and strangle it into submission at the Lord Mayor's mansion house luncheon in honor of Field Marshal Allenby yesterday.

"The nation means to be master in her own house," Mr. Lloyd George declared, "a just master, a fair master, a generous master, but always master in her own house."

When Mr. Lloyd George makes an important speech newspapers try to read between the lines to discover his political purposes. The general interpretation of this speech is that the Premier has broken with labor unions and wants to draw to his support the middle classes, who apparently tended to troop away from him as a result of the recent fierce campaign upon alleged governmental extravagance.

TO ALL PERSONS WHOM IT MAY CONCERN:

Notice is hereby given that the undersigned, Joseph B. Bauer, Guardian of Leo Schmall and Dorothy Schmall, Minors, will make application to the County Court of Lee County, at a regular term thereof, to be held at the Court House in the City of Dixon in said County, on the first Monday of November A. D. 1919, being the Third day thereof, for an order and decree of said Court directing Joseph B. Bauer as said guardian, to sell the following real estate belonging to said Minors, or so much thereof as shall seem to said Court to be in the interest of said Minors, situated in the County of Lee and State of Illinois, to-wit:

An undivided one-fifth interest in the North Half (N½) of the North East Quarter (NE¼) of Section Number Thirty-one (31), Township Number Thirty-seven (37) North, Range Number One (1) East of the Third Principal Meridian, and containing 78.87 acres, more or less; for the support and education of said minors, and for the purpose of investing such of the proceeds of said sale as shall not be immediately requisite for said support and education, in other real estate, or otherwise investing the same.

JOSEPH B. BAUER,
Guardian of said Minors.

Attorney. Oct. 8-15-22

Foch to Give Berlin Final Baltic Warning

By Associated Press Leased Wire
Paris, Oct. 8. — (Havas)—Marshal Foch who yesterday was instructed to draw up a new note to the German government relative to the withdrawal of Gen. Von Der Goltz's troops from the Baltic provinces, will couch the document very clearly, according to newspapers here. The note, it is said, will state that in case there are further dilatory tactics from Berlin, measures will be announced for dealing with the situation and will be immediately and rigorously applied.

GERMAN TROOPS DEFIANT

By Associated Press Leased Wire
Berlin, Tuesday, Oct. 7. — German troops in Courland, which are under the command of Gen. Von Der Goltz, insist they will remain there, in a proclamation which has just been issued to "the German Fatherland and all civilized people." The proclamation says: "Notwithstanding the German government's order, made under pressure from the entente, we will remain on this front to protect the German frontier against bolshevik hordes and maintain real socialist ideals."

A semi-official news agency says the proclamation was issued prior to the latest order to return and adds: "It remains to be seen whether the last order from Berlin will have the effect of changing the minds of the soldiers."

TEN YEARS AGO IN DIXON TELEGRAPH

The annual meeting of the K. L. C. E. of the United Evangelical church opened at the Grace Evangelical church in this city.

John Kelly started the erection of a

new house on the hill south of the water works.

The marriage of Charles Brierton of Nachusa and Miss Mae Portbaugh of Nachusa was celebrated at the home of Mrs. J. R. Morrill in this city.

ITALIAN CATHOLIC PARTY ISSUES A MANIFESTO

By Associated Press Leased Wire
Rome, Tuesday, Oct. 7. — The Catholic Popular party has addressed a manifesto to the country preliminary to the general elections saying its program includes the liberty of religious teachings in schools, reorganization of the finances of the country on a democratic basis; promotion of agriculture and commerce, revision of peace treaties and the resumption of cordial relations with all peoples.

"In view of the nearness of universal disarmament," the manifesto says, "we hope to make the christian religion a perennial source of civilization and enlightenment and to alleviate the conscience of the people for the restoration of peace and for social reconstruction."

Cheer Up! Bacon to Be Sold at 26 Cents

By Associated Press Leased Wire
Chicago, Oct. 7. — The government in its effort to lower the cost of living and to meet the cuts in prices made by the big packers, today reduced the price of war departments surplus bacon in 12 pound cans from \$4.15 to \$2.75. This was to meet the price of \$3 for 12 pound cans made by the packers. The government also reduced the price of slab bacon from 24 to 20 a pound. Cudahy & Co., today announced it will offer 1,000,000 pounds of bacon direct to consumers at 26 cents a pound. Quartermaster officials predict a further lowering of meat prices by the packers as a result of army stores competition.

HALT BANK INVESTIGATION.

By Associated Press Leased Wire
Bismarck, N. D., Oct. 7. — Investigation of the Bank of North Dakota begun late yesterday by examiners under State Auditor Carl Kositzky at the direction of Attorney General William Langer, was halted this morning by Director General F. W. Cathro, of the bank.

Mrs. J. W. Carpenter has returned from a two weeks' visit in Rockford at the home of her son, Bruce Carpenter.

ARMY AIRPLANES RACING ACROSS THE COUNTRY

(Continued from page one.)

amous Fokkers, captured from the Germans by the Americans in the St. Mihiel sector practically intact. Others were De Havilland and Sopwiths.

SIXTY PLANES READY.

By Associated Press Leased Wire
Mineola, N. Y., Oct. 8. — More than sixty airplanes were lined up on Roosevelt Field here today awaiting the signal of Major General Thomas H. Barry, U. S., which would send them speeding on their way to San Francisco in the greatest aviation contest in history. At the same time nearly two score machines were in San Francisco ready to start on the east bound trip. The contest, which is limited to military aviators, is for the purpose of testing the reliability of the planes and stimulating interest in recruiting for the air service. A return flight also will be made. Ten different types of machines were represented in the entries and some of them had seen active service on the battlefield. Three of the planes entered are German Fokker machines captured almost intact on the western

front, French, British and Italian machines also are entered.

Most of the American entries are equipped with the famous Liberty motor developed by America during the war and the race will afford a good opportunity to test its qualities against the best types of foreign makes.

The foreign entries include Air Commodore L. E. O. Charlton, air attaché of the British embassy, who will fly a Bristol fighting plane that he has been using in "taxi" service at Washington, and Capt. De Laverne, air attaché of the French embassy, who is to fly as a passenger in an American plane.

Although prizes totalling \$66,000 had been offered by the American flying club and private individuals for the winners of the contest, Maj. Gen. Charles T. Mencher, chief of the army air service has ruled that they could not be accepted. He announced, however, that there would be ratings for 3 competitions each day. These include a time competition for the pilot crossing the continent in the shortest time irrespective of stops and actual flying time; a speed contest for the pilot making the trip in the shortest flying time; and a handicap competition based on actual flying time but with each class or type of machine to be given a handicap percentage based upon its reputed speed as computed by the technical section in its official tests.

Under the rules of the contest there is to be no flying between sunset and sunrise, on Sundays or in bad weather. Each contestant will be required to stop at least 30 minutes at each of the 20 intermediate stops. Aviators remaining more than 48 hours at one station unless held there by the weather are to be disqualified. No time will be taken out for forced landings.

The route is approximately 2,700 miles in length one way. The official stops and the distance to the next control in miles follow:

Mineola, 0; Binghamton, 142; Rochester, 125; Buffalo, 56; Cleveland, 180; Bryan, 147; Chicago, 160; Rock Island, 155; Des Moines, 158; Omaha, 118; St. Paul, Neb., 132; North Platte, 118; Selduro, 100; Battle Mountain, 162; Reno, 169; Sacramento, 112; San Francisco, 75.

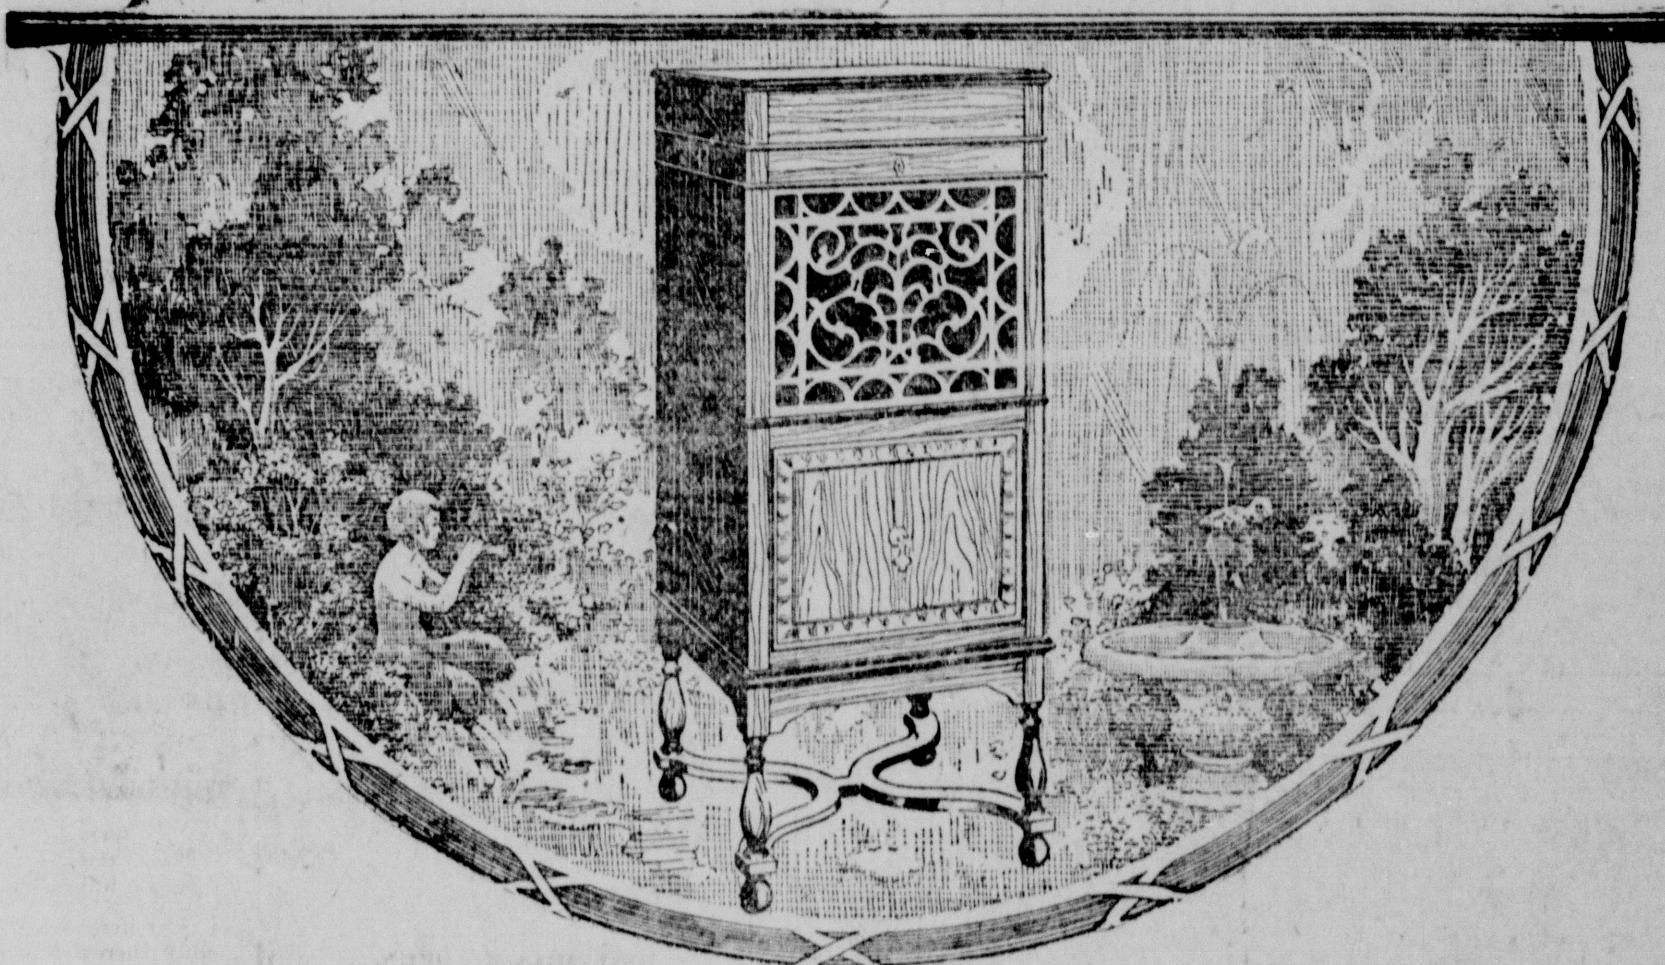

NOTE—The route to be taken by the transcontinental flyers will cross the southern part of Lee County, Pawpaw, this county, having been selected as the site for an emergency landing field.

The NEW EDISON

No needles to change. Even records of all other makes sound more human when played on The New Edison.

Re-Created Music Is Music Plus Personality

THE music of a great artist thrills and stirs us, where the same music rendered by another may leave us utterly cold—

Because—

Into his music the true artist has woven his whole soul—has made his music the expression of his Personality—made it a living thing.

And right there is the distinction between the New Edison and all other phonographs.

The genius of Thomas A. Edison has caught the music plus the Personality of the artist. It is wonderful. It is true music Re-Creation.

Close your eyes when listening to the New Edison and it is the living artist you hear. The artist himself speaking through music.

Music plus personality! Such music The New Edison and only The New Edison gives you.

Without Personality music is mere sound. With it, music is something vital that strikes at one's very depths, sum-

moning memories, hopes long buried, and tender feelings. That is what music with Personality means, and that is the music the New Edison gives you.

If you delight in beautiful furniture, then by all means see the charming exhibit of New Edison Period Cabinets. It includes Sheraton, Jacobean, Chippendale, William and Mary and Eighteenth Century English Cabinets illustrative of the very finest examples of the craftsmanship of these golden ages of furniture designing.

Miss Elsie De Wolfe, America's foremost interior decorator, after examining this new line of Edison Period Cabinets volunteered this unqualified endorsement of them:

"The Period Cabinets which Mr. Edison has adopted are in pleasant contrast to the rather grotesque cases one so frequently sees. From the characteristically diminutive and graceful Hepplewhite to the costly replicas of historical pieces, the superior furniture value of the Edison cabinets can scarcely fail to impress the lover of good furniture."

So come in today. See these beautiful new cabinets. Hear the marvelous music Re-Creations of the New Edison. Both will delight you. Come—today.

FIRE PREVENTION TO BE OBSERVED BY ALL ILLINOIS TOMORROW

Fire Marshal Gamber Gives Timely Suggestions to Prevent Losses.

Appropos the observance of Fire Prevention Day throughout Illinois tomorrow in compliance with the recommendations of Gov. Lowden in his recent proclamation, State Fire Marshal John G. Gamber has issued the following bulletin of direct interest to every citizen of the state:

Many fires occur each year at this time due to bonfires and the burning of leaves. Fire reports received by the fire marshal in the autumn show a large number of losses caused in this way.

Each year in Illinois a number of children lose their lives or are seriously burned through playing around bonfires.

The danger is increased in the fall because of the high winds prevailing at this time of year. Therefore, the greatest care should be taken in disposing of leaves.

Within a few days leaves will be falling fast and piling up everywhere. They should not be heaped against anything which will burn. There is always danger of a lighted match or spark falling in them, while some times they ignite of themselves.

The best and safest way to dispose of leaves is to bury them. They are an excellent fertilizer for gardens and there is no better mulch for plants. They may be buried in a pit one foot and dug up the next, when they will have become well decayed and will scatter easily over the garden. The same pit may be used each year.

Aside from the danger of fire, burning leaves laden the air with a heavy smoke, which is not healthful.

Gasoline Storage on Premises.

A person who uses his barn for a garage can not expect to collect insurance on it in case of fire, if the insurance company wants to contest the claim, according to a decision of the Kansas Supreme Court. This decision should be of especial interest to farmers.

In the case of Morgan vs. the Na-

tional Liberty Fire Insurance Co., the court held that the placing of an automobile in a barn violates the provision of the policy which states that there shall be no storage of gasoline in the barn. It ruled that the gasoline in an automobile is "storing gasoline" in the meaning of the language of the policy. Morgan's claim was denied, even though his car was not in the barn at the time of the fire.

Farmers usually buy large quantities of gasoline at one time. To prevent loss in strength, as well as to safeguard property against fire, they should store gasoline in underground storage tanks.

Must Not Delay Department.

If a freight train blocks a fire department and prevents it from reaching a fire within a reasonable time, the railroad company is liable for unnecessary loss caused by fire because of the delay, under a recent decision of the New York Court of Appeals.

Damages were awarded the Globe Malleable Iron and Steel Co. of Syracuse, New York, which suffered a fire loss, against the New York Central and Hudson River Railroad Co. It was brought out that the crew of a slowly moving freight train, signalled by the firemen and knowing of the fire, failed to stop and cut the train at the crossing.

The decision is attracting widespread interest, as there are few cities in which railroad tracks do not pass through some district where the loss would be heavy if the fire department were delayed in reaching a fire.

SANDRA THE JEALOUS

By JANE PHELPS.

BARRETT EDMONDS HEARS OF SANDRA'S ACCIDENT

CHAPTER XXIII

Only one evening since my accident had Everett remained out. I wanted to ask where he was going when he came in to bid me goodnight after he was dressed, but he looked so handsome, so dignified, I didn't dare. Then he was so nice to me assuring me he wouldn't be very late, and begging me to go to sleep, that I hated to say anything to make him cross.

I wondered if he were with Irma Barton. Then all suddenly I recalled the day I had lunched with her, and she had said she had something to tell me. I had forgotten all about it. Just as soon as I was able to get out, I would make an opportunity to ask her.

I had some late magazines and tried to read, but could not put my mind up on anything. My life, since I had married Everett, passed panorama-like through my mind. I went over it step by step—all that was bright and lovely, all that had been hard and unhappy. I looked around my luxurious room where everything had been done for my comfort. I thought of my beautiful home, the ease with which it was kept in order, and of all Everett did for me, and concluded the good things of my life overbalanced the bad. Then, added, was my love for Everett, a love awakened after we had been married, taking the place of the infatuation of a silly girl.

"If I hadn't been Number Two I should be too happy—if he wouldn't go out without me," I added, as I looked at the clock.

He came in.

"I wish I had been awake," I said. "Why wish that? I was delighted to find you sleeping so quietly."

"I wouldn't have missed your kiss," I replied with a blush.

"Here's one now then," and he gave

"There's a gentleman on the telephone wants to talk to you—Mr. Edmonds."

"Oh, tell him I am ill. Can't see him tonight. Be sure and tell him to call up in the morning—no, tell him to run in a day or two. I shall be up then."

"How lucky," I said aloud after Hetty left to deliver my disjointed message. I do wish they'd get married. The women here are nice, but Rose knows everyone I do and we could have such good times talking things over."

Hetty brought back a message from Barrett that he would call to inquire for me the next day.

"I wish I could see him," I muttered to myself, but Everett would not approve if I received even a friend of his while confined to my room, and I was not sure he had liked Barrett since the night he had taken Rose and me to the theater, and he had been angry because I had disobeyed him.

Once again I built air castles around Barrett Edmonds and Rose Grandon. That love goes where it is sent, and never thought. Neither did I realize that Barrett cared for me. I knew he liked me, liked to be with me but I gave all the credit to our mutual taste for music.

I was asleep when Everett came in. He told me the next morning that he had come in and kissed me before he retired.

"I wish I had been awake," I said. "Why wish that? I was delighted to find you sleeping so quietly."

"I wouldn't have missed your kiss," I replied with a blush.

"Here's one now then," and he gave

me a long, loving kiss before he left me.

It took very little to make me happy. Perhaps because I had learned to love Everett so dearly, that kiss kept me happy and contented all day long—the kiss I knew I had received, and the one he gave me while I slept.

Barrett Edmonds called about 3 o'clock and brought me some lovely flowers, and scrawled a dear little note when he found I could not receive him. It was like old times to hear from him. And I sent down word that I would let him know the very first minute I could see him, that I had some news for him.

"I meant about Rose, of course, that she was coming."

"More flowers?" Everett asked, when she came in.

"Yes, Barrett Edmonds is back. He

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The extra miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

United States Tires are Good Tires

We know United States Tires are good tires. That's why we sell them.

Sure Relief

came to call, and brought them. "Wouldn't it be wonderful if he and Rose should get married after all? I should love it."

"Don't try to be a match-maker, Sandra. The old saying that they are made in Heaven may be true if humans keep their hands off. But when they mess things up by interfering, Heaven has a pretty hopeless job. However, if it would add to your happiness and they could hit it off together, I would be glad—for your sake."

It would be so nice to have one of the girls I have known all my life live near me. We would have so much to talk about."

Tomorrow—Great News for Sandra

— and from there we went to Japan"

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it? Just this:

A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay, over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother:—
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

Shove off! -Join the U. S. Navy

When Grandma Used to Cure Your Colds—

goose-grease and turpentine were all she needed—but they cured colds. Now science has added to and strengthened her good old remedy so that it gives

Relief in 20 Minutes

Science added Menthol, Wintergreen and other healing oils, the fumes of which, inhaled, give instant relief inside, where the real irritation is. At the same time the goose-grease and turpentine set up a counter-irritation that draws away the soreness.

Wonderful relief is felt almost instantly by the inflamed lungs, throat and nasal passages.

MEN-THO-EZE is the name of this new-old remedy—a positive relief for the simple ailments and a first-aid for the more serious ones. It relieves the most stubborn cold, usually with one application. Fever subsides, the phlegm is loosened and restful, healing sleep follows.

Keep a jar of Men-Tho-Eze ready at hand. It will prove a godsend. In opal jars, 30c and 60c

LEGAL PUBLICATION.

EXECUTOR'S NOTICE OF FILING FINAL SETTLEMENT.

Estate of Martha Clemmer, Deceased. Public notice is hereby given, that the undersigned, executor of the last will of Martha Clemmer deceased, will attend before the County Court of Lee County, at the Court House in Dixon, on the 20th day of October 1919, next, for the purpose of making a final settlement of said estate at which time and place I will ask for an order of distribution, and will also ask to be discharged. All persons interested are notified to attend.

Dixon, Ill., Sept. 30, A. D. 1919.
WALLACE E. HALL, Executor
Henry C. Warner, Attorney. Oct 1-13

EXECUTOR'S NOTICE.

Estate of Thomas Burroughs, Deceased.

The undersigned, having been appointed Executrix of the Last Will and Testament of Thomas Burroughs late of the County of Lee and State of Illinois, hereby gives notice that she will appear before the County Court of Lee County, at the Court House in Dixon, at the December Term, on the first Monday in December next, at which time all persons having claims against said Estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said Estate are requested to make immediate payment to the undersigned.

Dated this 29th day of September A. D. 1919.
CORA A. TRABOR, Executrix
Henry C. Warner, Attorney. Oct. 1-13

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. You have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

BAD BREATH

Caused by

Acid-Stomach

How can anyone with a sour, gassy stomach, who is constantly belching, has heartburn and suffers from indigestion have anything but a bad breath? All of these stomach disorders mean just one thing—Acid-Stomach.

EATONIC, the wonderful new stomach remedy in pleasant tasting tablet form that you eat like a bit of candy, brings quick relief from these stomach miseries. EATONIC sweetens the breath because it makes the stomach sweet, cool and comfortable. Try it for that nasty taste, congested throat and "bad breath" after too much smoking.

neglected, Acid-Stomach may cause you a lot of serious trouble. It leads to nervousness, headaches, insomnia, rheumatism, sciatica, heart trouble, ulcer and cancer of the stomach. It makes the millions of victims weak and miserable, listless, lacking in energy, all tired out. It often brings about chronic invalidism, premature old age, a shortening of one's days.

You need the help that EATONIC can give you if you are not feeling as strong and well as you should. You will be surprised to see how much better you will feel just as soon as you begin taking this wonderful stomach remedy. Get a big 50-cent box from your druggist today. He will return your money if you are not satisfied.

40 Head Duroc Jersey Boars

ALL IMMUNE

Among the lot is 11 yearlings and Fall boars, all line bred Colonels. The balance are March and April spring boars. These are all sired by such boars as Prophet Wonder, Prophet Orion, Grand Colonel, World's Fair Colonel, and the whole family of Defenders, and out of the biggest and best herd of brood sows in the U. S. These are all big boned, high back and very prolific. Among them is some great herd leaders and good father boars.

They have all been treated with Pittman & Moore's Serum, sterilized by an assistant state veterinary.

Crates will be furnished for hogs shipped, only. Usual guarantee. Write for catalog.

Brief Summary of Last Night's News

By Associated Press Leased Wire

OAKLAND, Calif.—Jack Thompson won a decision over Tom Cowler in four rounds. Monk Fowler and Jimmy Duffy went four rounds to a draw.

EUGENE, Ore.—Lieut. J. Webb of Glendale, Calif., who was on fire patrol duty, was killed when his airplane fell into a tail spin.

CHRISTIANA—National prohibition has been adopted in Norway.

Washington—The railroad administration will not increase freight rates before return of the railroads to private operation. Jan. 1, according to Director General Hines.

ROCKFORD—Martin Plestina, heavyweight wrestler won two falls from Jess Westgaard.

JERSEY CITY, N. J.—Meyer Ellis died Tuesday after receiving a fracture of the skull in a boxing bout. His opponent, Wilford Doyle, was arrested on a technical charge of manslaughter.

CEDAR RAPIDS, Ia.—Buzukos, the wrestler, won from Jack Reynolds by default after he had won the first fall in 55 minutes.

SAN FRANCISCO, Cal.—Ed Strangler Lewis defeated Tom Draak in two straight falls.

AMUSEMENTS

FUNNIEST SHOW IN THE WORLD

"Peck's Bad Boy" has always been the strongest magnet to attract the juvenile class to its matinees; and no doubt this reputation will be fully sustained at the opera house tonight when this famous comedy will be seen. The play this season is said to be better than ever, funny situations, bright dialogues attracted, making it the greatest of matinee attractions for the children and equally entertaining for the older class.

BY MAIL.

Subscribers receiving the Telegraph by mail are asked to look at the little yellow tag on their paper. On the date of expiration the paper will be discontinued.

CLOSING OUT SALE!

I, W. F. Ross, am moving to California and will sell at public sale my household goods and farming implements at my place of residence, 303 Academy street, Steinmann addition, North Dixon, 3 blocks northwest of Assembly Park, on

DROP IN HOGS IS
DRAG ON CORN IN
TODAY'S MARKET

By Associated Press Leased Wire

Chicago, Oct. 8.—Predictions of widespread rains lifted the corn market today after some show of weakness at the outset. Initial declines were ascribed to the longshoremen's strike and to talk of a bearish estimate of yield in the government crop report this afternoon. Shorts were the chief buyers. Opening prices, which ranged from ½¢ lower to a like advance, with December 1.22½ to 1.22½ and May 1.21½ to 1.21½, were followed by a moderate general decline and then a rally that carried December and May to well above yesterday's finish.

Oats displayed independent firmness. There was a noticeable absence of selling pressure. After opening unchanged to ½¢ higher, including December at 70½¢ to 70½¢ the market scored a general upturn.

Lower quotations on hogs weakened provisions. Trade lacked volume. The fact that for the first time in a long while the average price of hogs had fallen below \$15 a hundredweight led subsequently to a fresh decline in corn. The corn market was also bearishly affected again by misgivings in regard to the government crop report. Prices closed unsettled, ¼¢ to 4¢ net lower, with December 1.22 to 1.22½ and May 1.20½ to 1.20½.

PERSONALS

Geo. C. Loveland sold to Alonzo Bird, song the new six room bungalow, No. 513 West 3rd St. 23413

D. B. Martin returned Tuesday from a two months' visit in Hawley, Minn.

The local office of the Western Union Telegraph Company has opening for boy 14 to 16 years old who wishes to learn telegraphy. Pays fifty dollars monthly while learning. Positions open paying \$100 to \$200 per month when competent. Call at Western Union office, 109 Galena avenue for further particulars. 11

M. C. Ward of Sterling was a business visitor in Dixon Tuesday afternoon.

It is logical that pouring drugs in to the stomach will not cure catarrh in the head. Hyomel, medicated air, reaches the seat of the disease. Guaranteed by Rowland Bros.

Father J. J. Clancy of Fulton, who assisted in the Miss Mary Bresnahan funeral here yesterday, went to Chicago this morning.

George C. Loveland sold to Frank Owens lot No. 19, Riverview Addition to the city of Dixon. 23511

Prof. W. H. Smith transacted professional business in Franklin Grove today.

George C. Loveland sold to Frank Owens lot No. 19 in River View addition to Dixon. 11

IS SOME CLIMBER.

A young man employed in the office of Circuit Clerk Rosencrans, who also makes his home with that official (secretary regarding his name has been pledged) is climbing rapidly. In fact he is also climbing literally. It is vouched for by his employer that on Monday night the aforesaid climbing young man returned home late and climbed to the porch roof to get into his room, then went down to get his coat which he had left on the porch and found the key in the outside of the lock on the door. Had there been a Rae of light on the porch he might have seen it.

NO DISCUSSION ON DRY BILL.

Washington, Oct. 8.—The bill for enforcement of wartime and constitutional prohibition was as agreed to in conference adopted today by the senate without discussion. It now goes to the house for final action.

Absence of debate on the measure occasioned much surprise.

Senator Sterling, republican, South Dakota, called up the conference agreement and after a pause to learn if any discussion was desired, Vice President Marshall put the motion on adoption and it was carried viva voce without an audible negative vote.

COMPTON'S WELCOME
TO RETURNED HEROES

The people of Compton welcomed home the returned soldiers, sailors, marines and nurses of that vicinity in truly whole-hearted style yesterday and the village was crowded with the folk of the community who gathered to join their tributes. During the day there was band music, free vaudeville entertainment, addresses by State's Attorney Harry Edwards and Attorney Harry Warner of Dixon, a ball game between Earlville and Lee, which the former team won, and a big banquet for the guests of honor. Andrew Owens, Dixon's one-armed balloonist, gave a fine flight in the evening and an airplane gave many passengers rides over the vicinity.

CITY BRIEFS

Attended Funeral—Among those attending the James McCoy funeral today were: Mrs. John McCoy, Mrs. Keefe, Mrs. Brady, and Mrs. Reilly, of Amboy; Mrs. Stanley Cryor and Miss Kathryn Valle, of St. Louis; Miss Claire Valle, of LaCrosse, Wis.; Miss Adrienne Valle, of Moline; Mr. and Mrs. John Maloney and son Valle, of Peoria; Joseph O'Malley, of Storm Lake, Ia.; and Miss Bessie Valle and brother, Paul, of Chicago.

At Funeral Yesterday—Mrs. T. J. Burke, of Ohio, was among the many here to attend the funeral of Miss Mary Bresnahan.

Sister Dies in Indiana—James Lohr has received word of the death of his sister, Mrs. Will Warner, of Middlebury, Ind.

COPPER CLAD RANGES

You will appreciate the malleable iron back flue on the Copper Clad Range. It saves a new range every ten years. The Copper-Clad is the only range that has it. The sheet iron back flue on other malleable ranges rusts out. At W. H. Ware's store all this week. 11

REDECORATING CHAPEL

The Preston funeral chapel and undertaking parlors are in the hands of painters and decorators.

POTATOES

Seven cars now on track. Quite a lot of Potatoes, isn't it? But it takes a lot for our trade because of the low price, and good quality we sell. We have fine stock \$1.65 at store, where our sales force is. There are a lot of people who do not understand, but we can sell much cheaper at store than off the car.

Note.—When we advertise a car on track we advertise a car of our own, not a car of some jobber or wholesaler—like some of the merchants here do.

MORAL: Fish where there is fish.
